CAREER OBJECTIVE

Self-motivated and hardworking individual with a strong foundation in MERN stack development, skilled in building efficient, scalable, and user-friendly web applications. Passionate about continuously learning emerging technologies and eager to contribute my full-stack expertise while growing as a professional in a reputed organization.

COURSES & CERTIFICATIONS

MERN Stack Development - KGiSL MicroCollege   February 2025 - Present

Data Base Management System - NPTEL Online Certification   July 2024 - September 2024

PROJECTS

Wild-life photography online booking websites   March 2025 - Present

Created a responsive wildlife photography portfolio with month-wise filtering, Instagram integration, and an e-commerce store for photo frames. Added reviews, ratings, and EmailJS bookings to transform it into a business platform.

GymNation – Gym Website   June 2025 - Present

Built a responsive gym website for a personal coach using React.js, JavaScript, HTML, CSS, and Bootstrap. Designed modern UI pages to showcase programs, trainers, pricing, and memberships, enhancing user engagement and accessibility.

React Portfolio Website   July 2025 - Present

Developed a personal portfolio website using React.js with a modern dark-themed UI inspired by Chester and Tunis templates. Integrated single-page navigation, sidebar menu, dark mode toggle, resume download, animated sections, and project showcases, improving personal branding and professional visibility.
